

Using the Remittance Form

Please use the remittance form when you send in your benevolence. The form makes it easier for us to process, and it provides us with a hard copy trail after the check has been deposited. Feel free to make a copy for your records.

We will normally print your congregation's name and address along with the ID number on the supply of remittance forms you receive. Please double check that you have gotten the correct form!

Line number one is for the undesignated benevolence – that is the money that gets split between the synod and the churchwide bodies. The remaining lines are for any possible designated gifts. We printed some of the more common designations to save us the work of looking up codes. Be as clear and descriptive as possible when using the "other" lines.

Please be sure to total the gifts and make sure your remittance form equals the amount of the check you include. A copy of a remittance form is on the next page.
